## Biography

ABB Software Manager, Retired.  
 I am currently working assisting ABB with campus recruiting for 2018-2019.  
 Before retiring, I worked as a software manager, and software engineer for 30 years.  
 I am interested in recruiting and team building for technical teams, including electronics, software and mechanical.

## About my Organization

ABB is a leading global technology company in power and automation that enables utility, industry, and transport & infrastructure customers to improve their performance while lowering environmental impact.  
 Based in Zurich, Switzerland, the company employs 147,000 people and operates in approximately 100 countries.  
 The company maintains seven corporate research centers around the world and has continued to invest in R&D through all market conditions.  
 ABB's North American operations are headquartered in Cary, North Carolina, and employ about 24,000 people in multiple manufacturing, service, R&D and other major facilities.
